This summer the Seattle Architecture Foundation has something for everyone. We're kicking off the season with a slate of diverse tours including a mix of classics like The Greatest Hits Tour and routes like The South Lake Union Tour. We're also very excited about our latest project, BOOM: Changing Seattle, a collaboration with Design in Public. We are enjoying settling into our new space at the Center for Architecture and Design and we encourage you to come take a look around.

BOOM | Changing Seattle
Reception: July 7, 5:00 - 8:00 PM (Free)
Exhibit open through August 27
at the Center for Architecture and Design

This multidisciplinary exhibition incorporates archival and contemporary art, photos, documents, and contemporary art to position history and memory as integral to innovation. Four rapidly changing Seattle neighborhoods - Ballard, the Central District, South Lake Union, and SODO - ground themes of transformation, memory, culture, and speculations on the future of the city.

BOOM is the first collaboratively developed exhibit produced by Design in Public and the Seattle Architecture Foundation for the Center for Architecture & Design.
