Robot Cars! Transportation, Land Use and Design

Oct 15, 2016 11AM-3PM
At the Schemata Workshop
112 5th Ave N
Seattle, WA 98109

With hovercars and self-driving cars, we have been dreaming of how to make our transportation machines more technologically futuristic. How will these new cars change infrastructure such as roads and highways? In this program, students will design their own futuristic cars, as well as learn about transportat infrastructure systems. Students will discuss these issues practicing designers, and represent their own ideas throug three-dimensional models, and presentations.

SAF Tour of the Month: Design Detai

October 14, 10:00 AM

Shopping online this season? Now you can get your shopping done while supporting SAF! Amazon will donate **0.5%** of the price of your eligible **AmazonSmile** purchases to SAF whenever you shop on **AmazonSmile**. Getting started is easy, create or use your existing Amazon account and **click here** to get shopping! SAF will then appear in the top corner of the page as your organization of choice.

Take a walk through Seattle's design history by taking a close look at the details that give a building its personality. Develop an appreciation for and understanding of materials from types of stone, terra cotta, bricks, and metals, and how an architect's decisions add to the overall character of the structure. Featured stops include the Arctic Club, Cobb Building and Smith Tower.

REGISTER HERE
